Among them is he who has fulfilled his vow.

The mujahid shaykh Abu Umar al-Muhajir (May Allah preserve him).

All praise is due to Allah, the Strong, the Mighty, who honors His worshipers the muwahhin, and humiliates His enemies the kuffar. Peace and blessings be upon he who was sent with the sword as a mercy to the Worlds, and his family, his Sahabah and those who followed them in righteousness until the Day of Judgment. As for what follows:

Allah says: "Among the believers are men true to what they promised Allah. Among them is he who has fulfilled his vow [to the death], and among them is he who awaits [his chance]. And they did not alter [the terms of their commitment] by any alteration" (Al-Ahzab: 23).

We extend our condolences to the Muslims in the east of the earth and its west, and the mujahidin of the Islamic State, for the Khalifah, the Mujahid, the Scholar, and Worker, the Worshipers, Amirul-Muminin Shaykh Abu Ibrahim al-Hashimi al-Qurashi, and for the official spokesman for the Islamic State, the Muhajir Shaykh Abu Hamza al-Qurashi (may Allah accept them). They were killed in the past days while proceeding, not turning back in flight. We ask Allah to accept them among the prophets, the truthful, the martyrs, and the righteous, for truly, those are the best companions. Indeed, we belong to Allah, and indeed to Him we will return.

Shaykh Abu Ibrahim al-Hashimi took on the leadership of the believers, succeeding Shaykh Abu Bakr al-Baghdadi (may Allah accept him), and in that role, he was the best successor to the most excellent predecessor - as we consider them and Allah is the Judge of their affairs. He assumed the leadership at an unenviable time and in facing it he bore the firmness of mountains, doing as true men do, and that was due purely to the success Allah bestowed on him. The Muslims then gave bay'ah to him, and the mujahidin united under his banner. He prepared the ranks, he faced perils head-on and wielded the sword on the necks of the kuffar, the murtaddin and all who bear hostility for Allah and His Messenger. And reminding of the days of az-Zarqawi, he reignited the war on them with such ferocity. Truly, the last of victories and the most honorable of achievements was the freeing of scores of prisoners from Ghwayran prison, in an epic battle that only the soldiers

of the Islamic State and its commanders can wage. It was a battle in the backyard of the atheists, and it revealed their lack of capability and the weakness of their structure, which was founded on the edge of a crumbling cliff that will ultimately collapse and take them with it, by the willing of Allah. And with that he concluded his deeds, having been killed, as he preferred to be, in one of the battlefields, while assaulting the enemies of Allah the Crusaders and their helpers, and fighting them head-on, not putting his back to flight - as we consider him and Allah is the Judge of his affairs.

As for the Muhajir Shaykh Abu Hamza al-Qurashi (may Allah accept him), the pious and hidden media knight, the possessor of the radiant voice whose words resounded to all corners of the earth, he made the tawaghit tremble with his speeches and healed the hearts of the believers with his glad tidings. He was the finest minister and aide to Amirul-Muminin, and he was appointed as the official spokesman for the Islamic State, succeeding Shaykh Abul-Hasan al-Muhajir (may Allah accept him). He continued in his trench, inciting the believers, refuting the doubts of the stirrers of fitnah, and calling to the straight path with a clear tongue of truth until the certain end came to him - as we consider him and Allah is the Judge of his affairs.

After the killing of Shaykh Abu Ibrahim al-Hashimi, the Shura Council for the Islamic State moved quickly, and Ahl al-Hal wal-Aqd from the mujahidin gave bay'ah to the Mujahid Shaykh, the beloved and polished sword, Abul-Hasan al-Hashimi al-Qurashi (may Allah preserve him), as Amirul-Muminin and the Khalifah for the Muslims, in accordance with the will of Shaykh Abu Ibrahim. He accepted the bay'ah - may Allah bless him - and so we ask Allah to help him, protect him, guide his thoughts, and direct his deeds on the path of truth. And we ask Allah to grant him the right guidance and to conquer the land at his hands.

O Muslims everywhere! Rise and give bay'ah to Amirul-Muminin and the Khalifah for the Muslims, for he is from the people of precedence and truthfulness - as we consider him and Allah is the Judge of his affairs. If we were able to do so, we would have

revealed his name and his face, but there is a time and place for everything. Do not delay or hesitate to give bay'ah to him. Imam Muslim reported in his Sahih from the Hadith of Abdullah bin Umar (may Allah be pleased with them): I heard the Messenger of Allah (PBUH) say: "He who throws off obedience will meet Allah on the Day of Resurrection without possessing any plea, and he who dies without having given bay'ah will die like a pagan." Truly, we do not know of a ruler other than him who governs with the law of Allah in what Allah has empowered him, and who strives in jihad for the sake of Allah.

O Khilafah soldiers in all the Wilayat, "persevere and endure and remain stationed and fear Allah that you may be successful" (Aal-i-Imran: 200). Be prepared and roll up your sleeves to diligently work in earnest, for the war has revealed its fangs and its flames are reaching higher, and its reins have been taken up by a vigorous imam and courageous knight, whose eyes bear its rulership and whose hands hold its authority. Be ready for the perils and the leaping and pouncing of angry lions, for the kuffar, the mushrikin and the murtaddin will not be left to rejoice at the killing of our emirs and imams.

Our blood does not evaporate and our iron does not tarnish. America, the protector of the Cross, is unable to extinguish the light of Allah, although it tries its best every time to do so when it kills an imam of the muwahhidin and a mujahid from the mujahidin, to announce the elimination of the Islam-

ic State (may Allah honor it) or its weakening. Truly, Allah shames them every time.

Upon seeing their leaders face pools of death without care and dying in the raging battlefields, the matter thusly turns from attempting to destabilize the ranks of the Muslims and the mujahidin to setting them firm and strengthening their confidence. What the leaders face without trepidation and being killed in that pursuit, is the greatest evidence of the sincerity of the method and the correctness of the path.

O lions of tawhid, knights of the battlefield, and the protectors of the aqidah and religion! Allah, Allah, in your jihad, hearing, obedience and adherence to the Muslim group. Call to the path of your Lord with your words, and cooperate in righteousness and piety, not in sin and aggression. Support the vulnerable Muslims wherever they are, and make it your concern to release your captives, for they never weaken.

It is the order of the Messenger of Allah (PBUH) and the command of Amirul-Muminin Abu Ibrahim (may Allah accept him), which he conveyed to you by actions, not in words. We urge you to take revenge for your imams and your brothers and sisters.

Get closer to Allah by plucking the heads of the enemies and destroying their souls. And know that victory comes with patience, and with hardship comes ease and that the best end is for the pious.

Our last prayer is all praise is due to Allah, the Lord of the Worlds.

Announcement of the **BAY'AH**

We pledge allegiance to the Commander of the Faithful and the Caliph of the Muslims, the Mujahid Sheikh Abu Al-Hassan Al-Hashemi Al-Quraishi (may Allah Almighty preserve him) to hear and obey, in activism and compulsion, in hardship and ease, and with preference upon us, and that we won't dispute the leaders upon the leadership, unless we see clear disbelief in which we have evidence from Allah; and Allah is a witness to what we say.

"Indeed, Allah has bought from the faithful their souls and their possessions for paradise to be theirs: they fight in the way of Allah, kill, and are killed. A promise binding upon Him in the Torah and the Evangel and the Quran. And who is truer to his promise than Allah? So, rejoice in the bargain you have made with Him, and that is the great success." {At-Tawbah:111}

So, they kill and are killed in the path of Allah, seeking to attain the pleasure of Allah, and to implement the laws of Allah, making the word of Allah the highest. This is the blessed Sunnah of Allah. Allah alternates days among his slaves based on his justice and Allah punishes those who disbelieve and purifies the ranks of the Muwahideen. The martyrdom of Shaykh Abu Ibrahim al hashmi al quraishi and Abu Hamza al quraishi is a continuation of this Sunnah whereupon Allah tests the believers and chooses unto himself martyrs.

"If wounds afflict you, like wounds have already afflicted those people; and We make such vicissitudes rotate among mankind, so that Allah may ascertain those who have faith, and that He may take martyrs from among you, and Allah does not like the wrongdoers." {Al-e-Imran:140}

The crusaders sought to capture the leaders of the Muwahideen alive and came with full force, the sought refuge in their aircrafts and their armor, and they saw from the Mujahideen firmness and bravery. The mujahideen fought with iron and fire and proved to the world that they indeed are men who love Allah and his religion and do not seek the fleeting pleasures of Dunya. The leaders of the Islamic State, just like those before them, did not surrender or lose hope rather they fought with their lives and their wealth, they killed and were killed. The soldiers of Allah detonated

their explosive vests engaging the crusaders and delighting the believers. The Knights dismounted their horses, leaving behind them an army of Muwahideen who are hungry for the blood of the kuffar.

“And Muhammad is no more than a Messenger, and Messengers have passed away before him as well. If he dies or is killed, will you then turn back on your heels? And whoever turns back upon his heels, he will by no means do harm to Allah in the least; and Allah will reward the grateful soon.” {Ale-Imran:144}

The religion of Islam has been ordained by Allah, it does not depend on men or groups. The ummah has lost leaders before, the leaders of the believers were martyred or died natural deaths but never did the religion of Allah change or was affected. The best among mankind, the Imam of the Mujahideen, Muhammad (Salallahu Alayhi Wasalam) left this world, and after him the rightly guided caliphs, Abu Bakr, Umar, Uthman, Ali (Radi Allahu Anhum) but the religion of Allah continued to spread and prosper. After the messenger of Allah (Salallahu Alayhi Wasalam) left this world, the second of the two, his best friend, Abu Bakr Siddeeq took the reins of leadership and the Sahaba continued on their blessed mission. They crushed the Apostates and killed the false prophets. Islam continued to prosper and the Persian and Roman empires were crushed during the reign of the rightly guided caliphs. Jerusalem was liberated. The Hudud were implemented. The Sahaba conquered Africa. Allah had decreed such and how perfect is Allah! Islam continued to reach the farthest corners of the world. From Andalus to India, Islam spread like a wildfire. The kuffar were enraged and helpless in front of them and were in constant plotting and planning. Until they found a way, the Muslims became distant from their foundation. They indulged in worldly pleasures and a humiliation was placed upon them. The Kuffar surrounded and occupied their lands. The Light of Shariah was replaced by filthy man-made laws and western values and ideals.

“Prophethood will be among you as long as Allah intends, and then Allah will take it away if He so wills. Then there will be a caliphate according to the prophetic method. It will be among you as long as Allah intends, and then Allah will take it away if He so wills.” Then there will be Khilafah upon the prophetic methodology, the promise of Allah conveyed by Muhammad (PBUH) came true and Khilafah upon the prophetic methodology was established. The Muwahideen sacrificed themselves to attain this objective. The state was found upon the bodies and skulls of the truthful ones. The leaders of this blessed state just like their ancestors led from the front and taught lessons of bravery and persistence. Shaykh Abu Musab al Zargawi was killed, Shaykh Abu Anas al Shami was killed, Shaykh Abu Hamza al Muhajir, Shaykh

Abu Umar al Baghdadi was killed, all of them laid down their lives for Islam. That did not weaken the Muwahideen, in fact it invigorated them and thus the caliphate was announced. The Muwahideen were in full force and strength, winning battles and running over cities. The prisoners were freed and the weak and orphans were looked after, the adulterers were stoned, the sorcerers were killed. And as the Kuffar became more and more frustrated and threatened, they bombed the cities occupied by the Muwahideen. They were too scared to face the Mujahideen on the front lines and like cowards they chose to bomb the cities. Men, women, children, elderly were killed and injured. Chemical weapons were used. The leaders of the state were killed. Shaykh Abu Bakr al Baghdadi, Shaykh Abu Muhammad al Adnani, Shaykh Abu Ali al Anbari, Shaykh Abu Hassan al Muhajir were killed. The governors were killed, Abu Layth al Ansari, Abu Bakr al Iraqi were killed. But the caravan of the Islamic State continued. The State was not effected by their killing, the martyrdom of Shaykh Abu Ibrahim al-Hashmi and Shaykh Abu Hamza al-Quraishi will not affect the state. The Islamic state spread to the Jungles of Africa and the mountains of Khurasan, The deserts of Sinai and the mountains of Kashmir. The Muwahideen continued and they will continue, by the will of Allah. They will Kill and be Killed for the sake of Allah. For verily, this is the victorious group. The Muwahideen did not change, they did not compromise on their religion and in their creed. For Allah alternates days of victory and loss by his Justice, testing the Muwahideen and choosing Martyrs among them.

This is the beauty of Islam; it doesn't depend on individuals rather it is a divinely guided way of life that is preserved and protected by the Lord of the heavens and earth. And among the many favors of Allah that he has granted to his believing slaves, is the gift of Martyrdom. The most blessed death, the ultimate honor that a believer can be bestowed with. An honor that the Leader of the Prophets (Salallahu Alayhi wasalam) longed for.

Narrated Abu Huraira: The Prophet (PBUH) said, “By Him in Whose Hands my life is! Were it not for some men amongst the believers who dislike to be left behind me and whom I cannot provide with means of conveyance, I would certainly never remain behind any Sariya’ (army-unit) setting out in Allah’s Cause. By Him in Whose Hands my life is! I would love to be martyred in Allah’s Cause and then get resurrected and then get martyred, and then get resurrected again and then get martyred and then get resurrected again and then get martyred. [Sahih Bulhari:2797]

Allah bestows honor upon whomever he wishes. The path of Jihad and Martyrdom is the noblest path that can be tread upon by a Muwahhid. The honor and goodness

in this path cannot be matched for verily the Messenger of Allah (PBUH) said,

Narrated Abu Huraira: I heard Allah's Messenger (ﷺ) saying, "The example of a Mujahid in Allah's Cause-- and Allah knows better who really strives in His Cause---is like a person who fasts and prays continuously. Allah guarantees that He will admit the Mujahid in His Cause into Paradise if he is killed, otherwise He will return him to his home safely with rewards and war booty." [Sahih al-Bukhari:2787]

Allah blessed and honored the sons of the Islamic state with Jihad and Martyrdom. They fought with all they had, they left their homes and their families, they migrated to the battlefields to please their Lord. They never weakened or faltered. They remained firm even though the whole world united against them, the nations of Kuffar formed coalitions and bombed every nook and corner that was ruled by the light of the Shari'ah. The crusaders and their allies however saw only that which enraged them from the Mujahideen. They saw the firmness and the resolve of the Knights of Allah. They saw the bravery of the Mujahideen and help of Allah for them in the battles of Fallujah, the battle of Mosul, the battle of Al-Raqqa. They saw the love of death when the Muwahhideen threw themselves into the fortresses of the Kuffar and the Murtaddeen. The Muwahhideen and their state remained, their glory was seen by the whole world in Baghuz, in Khurasan, in Marawi. The lions of Allah continue to enrage the Kuffar. Most recently, the Prison break in Ghuguayran was a scene that healed the hearts of the believers and enraged the Kuffar.

It was narrated that Salamah bin Nufail Al-Kindi said: "I was sitting with the Messenger of Allah when a man said: 'O Messenger of Allah! The people have lost interest in horses and put down their weapons, and they say there is no Jihad, and that war has ended.' The Messenger of Allah turned to face him and said: 'They are lying, now the fighting is to come. There will always be a group among my Ummah who will fight for the truth, for whom Allah will cause some people to deviate, and grant them provision from them, until the Hour begins and until the promise of Allah comes. Goodness is tied to the forelocks of horses until the Day of Resurrection. [Sunan an-nasa'i:3561]

The fighting has indeed just begun. And it will continue by the Will of Allah, until the crusaders are slaughtered in Dabiq. The Muwahideen will not cease fighting until we make the Iqamah and establish the prayer in Rome, as conquerors. The Muwahideen will continue with Martyrdom operations, the Inghimasi attacks will increase, the roads will continue to be rigged with explosives, the swords will continue to sever necks, the Mujahideen are ready. The Muwahideen pledged allegiance

to the new Khalifah of the Muslimeen, the Mujahid Shaykh, Abu Hassan al-Hashmi al-Quraishi. The wilayah hastened to pledge allegiance. The Mujahideen competed with each other to be among the first to pledge allegiance, thus creating images that enraged the Kuffar and the Munafiqeen. How perfect is Allah, who enabled the Mujahideen to be the lump in the throats of his enemies.

O Muslims, look around you and reflect. There is only one group that is true to the book of Allah. There is only one group that is upon the methodology of the Sahaba. There is only one group that is fighting to establish the law of Allah on the earth. The Muwahideen of the Islamic state continue to sacrifice themselves for the sake of Allah. They continue to sacrifice themselves for the betterment of the Ummah. Despite the unprecedented campaigns and attacks against them they are freeing the prisoners. The Muhajireen detonate their explosives so that the Ansar can walk out of the dungeons. The Muwahideen continue to tread the path of righteousness despite losing a friend, a companion every day. By Allah, these people can never be defeated. For Allah is their protector while as their enemies have no protector. So, come forth and pledge allegiance to the leader of the faithful. Come forth to your state. Your honor lies in your religion. This state is your state, the Mujahideen are your brothers. Come forth, and fulfill your obligation. For, by Allah, you will be questioned about it on the day of judgement. Will you then not reason?

"Allah will not leave the faithful in your present state, until He has separated the bad ones from the good. Allah will not acquaint you with the Unseen, but Allah chooses from His apostles whomever He wishes. So have faith in Allah and His apostles; and if you are faithful and God wary, there shall be a great reward for you." {Ale-Imran:179}

As for you, O Kuffar, by Allah we have not forgotten the massacres of Fallujah, Mosul, Baghuz, Ghouta. We will take revenge for every crime that you committed and by the will of Allah, you will find us persistent. You can never defeat us, for you are not fighting an organization or group, you are fighting the Lord of the heavens and earth, and Allah will certainly disgrace you. Allah will certainly aid us in slaughtering you. So, wait, for indeed we too are waiting.

"And those who disbelieve do not cease to be struck, for what they have done, by calamity – or it will descend near their home – until there comes the promise of Allah. Indeed, Allah does not fail in [His] promise." {Ar-Rad:31}

THE JIHAD

of the Believers Continues

Just as if a plant is constantly watered, it will become a sturdy tree one day, and then it will give shade and fruit to its cultivators, so is the Jihad for the sake of Allah, which is nurtured by the desires and with the blood of those who know how to obey the commands of their Lord, they not only sacrifice their lives in obedience to their gracious Lord, but their wish is to offer their children and family with hundreds of lives upon this religion and for the glory of Allah's words. So those who follow the guidance of the Prophets accept the religion brought by the Prophets in such a way that they are generous enough to not leave any of its aspects. The heart that acknowledges the guidance revealed by Allah accepts that killing and fighting is one of the basic elements of establishing the religion, without shedding the blood and without sacrificing everything valuable and precious, the deal for Jannah is not possible. Verily, Allah says: "Indeed, Allah has purchased from the believers their lives and their properties [in exchange] for that they will have Paradise. They fight in the cause of Allah, so they kill and are killed. [It is] a true promise [binding] upon Him in the Torah and the Gospel and the Qur'an. And who is truer to his covenant than Allah? So, rejoice in your transaction which you have contracted. And it is that which is the great attainment. (At-Tawbah: 111) So, in this verse, Allah has linked with the believers the killing and fighting in such a way as if it is their distinctive characteristic. Believers are distinguished by the disbelievers on the basis of this attribute that they have sold their lives to Allah in exchange for Paradise.

So, the sunnah of killing and fighting for the cause of Allah has continued from the revelation of the heavenly religions to the present day. And there are many prophets and apostles who have fought against the Tawagheet of their time, sometimes individually and sometimes with the help of the believers from their nation, as Allah SWT says in the Quran: And how many a prophet [fought and] with him fought many religious scholars. But they never lost assurance due to what afflicted them in the cause of Allah, nor did

they weaken or submit. And Allah loves the steadfast. (Al-e-Imran: 146) So, the Prophet of Allah Dawood (PBUH) killed Jaloot, the enemy of Allah, and elsewhere the prophets of Allah, Zakariya and Yahya (PBUH) were killed by Tawagheet. Some afflicted people consider the assassination of some Muslim leaders as a weakness or elimination of Jamaat-e-Muslimeen. Those who have disease in their hearts, stand on the side of cross worshippers and join in the mockery of Islam and the madness of the crusaders. May Allah destroy these apostates. Thus, many weak believers lose their courage by falling prey to their temptations and propaganda. And they seem to despair of the mercy of Allah, they forget the clear verses of Allah in which Allah has mentioned the slaying of the Prophets by the disbelievers and transgressors, as stated: Those who disbelieve in the signs of Allah and kill the prophets without right and kill those who order justice from among the people - give them tidings of a painful punishment. (Al-e-Imran: 21). In the hadith of Abu Ubaidah (RA), the Messenger of Allah said: "O Abu Ubaidah! The Israelites killed 340 prophets in an hour in the early part of the day, then 112 worshipers from the Israelites got up and they ordered the killers to do good and forbade evil so they killed them in the last part of the day" (Tafseer Tibri). One should think about the difference between the killing of prophets and killing of an Imam of the Muslims. Therefore, the Sunnah of killing and fighting continued, Even the Prophet of Allah along with his devoted companions fought bloody battles with the Mushrikeen of Makkah, in which hundreds of Companions were martyred, even the Prophet of Allah himself said: I swear by Allah in whose hand my soul is, I like to fight in the way of Allah and be killed in it, then to be revived, then to be killed, then to be revived and then to be killed. (Al-Bukhari). Then after him, his companions kept alive this Sunnah of killing and fighting, even 70 Huffaz companions were killed in one battle they were the best and the most virtuous of the Sahabah. In the same way, after the Sahaba, the best rulers and leaders of

this ummah continued to kill and fight in the battlefields and sacrificed their lives.

Behind the constant killing and martyrdom of the leaders and rulers of the Muslim Ummah, the wisdom of Allah Almighty is that the attention of the people of Islam should be focused on their path and destination, their trust and reliance should be on their Lord alone. The Muslim Ummah should not start worshiping their leaders because of their sincerity and piety, their achievements and efforts. Because personality worshipping is a deadly poison for this ummah, from Rafziyat to Sufism, nothing has harmed Islam as much as personalityism. So, Allah Almighty protected the people of Jihad from this evil and saved them from being affected by any personal prejudice. So, whether it is the Companions and the followers 1400 years ago or the stranger monotheists of the 21st century, all of them seem to be saying (We consider them likewise, and Allah is their judge) on the killing of their Imams and leaders. It is only by the grace of Allah Almighty that He has kept His mujahid and monotheistic servants on guidance and uprightness.

Indeed, whenever calamities befall the people of Islam, they cry out to Allah (we belong to Allah and to Him we shall return), and whenever success kisses their feet, they seem to be acquitted by their strength and power by saying (There is no power except with Allah). Suffering and trials are like an integral part of the ongoing Sunnah of Jihad. Therefore, from the previous ummahs to the Ummat-e-Muhammadiyah, and from the Sahabah to today's Mawahhideen, whoever raised the banner of the exalted word of Allah, trials and tribulations became inevitable for him. Even the Almighty said about the glorious and courageous group like the Sahabah, that their eyes were widened and their hearts reach to their throats out of fear, and Allah tested them with the best test. And why should this not happen when Allah says: Do the people think that they will be left to say, "We believe" and they will not be tested? (Al-Ankaboot:2) Similarly, the Almighty has repeated this subject in many verses, Therefore, the person is ignorant who, despite these clear commands of the Almighty, still considers the killing, injury or capture of one of the warriors of the path of jihad as a weakness of the people of Islam, or either get discouraged and sit back from this great path or withdraw from the help of the people of truth.

So, after believing, one who is steadfast in these trials and tribulations and walks on the path of Allah with the light of insight, then he is the one who deserves the real guidance and glad tidings. The Almighty says: And We will surely test you with something of fear and hunger and a loss of wealth and lives and fruits, but give good tidings to the patient. (Al-Baqarah: 155) And then what is this good news? The good news is that the Almighty satisfies the hearts of those who show steadfastness and makes them free from any fear, until they begin to feel the sweetness of faith in this trial and tribulation. As Allah SWT says: Indeed, those who have said,

"Our Lord is Allah and then remained on a right course - the angels will descend upon them, [saying], Do not fear and do not grieve but receive good tidings of Paradise, which you were promised" (Fussilat: 30). And not only that, but peace and mercy descend upon them from the Almighty, and a certificate of guidance is issued to them, as stated: Those are the ones upon whom are blessings from their Lord and mercy. And it is those who are the [rightly] guided. (Al-Baqarah: 157)

We have witnessed the promises of Allah and prophecy in true spirit in the lands of Caliphate. Where on one hand, fully armed crusaders have attacked Ahl-e-Tauheed from all directions like in Mosul, Raqqa, Sirte, Marawi and Baghooz, the sons of Salaf have countered them with the power of faith. The number and weapons of unbelievers did not bother them because their hearts were filled with faith. They were raising the slogans of Allah o Akbar surrounded in gunshots and bomb attacks. While sitting in the vehicles carrying explosive, each person (from every age group) surpassing each other in the wish to eagerly sacrifice life for their Lord. Global tyrannical think tanks have lost their senses and gone insane about what else they can do to intimidate and defeat these monotheistic servants of Allah? Even they have devoted all their energy to killing the imams and leaders of Jamaat-ul-Muslimeen and presumed that after killing Sheikh Adnani and Sheikh Sheeshani they have countered and broken us. But there is no comparison between devil's tricks and whispers and the power of faith, Evil can never reach the power of faith. Shortly afterwards, Allah almighty accepted Sheikh Baghdadi and Sheikh Abu Al-Hassan (may Allah have mercy upon them) in His court. And Satan once again gave the disbelievers and the apostates hope that we might succeed this time. But Allah gave strength to His Muwahhid servants more than before. Muwahhideen and Mujahideen became leopards of deserts and lions of forests in the leadership of Abu Ibrahim Al-Hashmi Al-Qureshi by brutally attacking so much that they cried out that it would have been better for us to leave the Mawahhideen in their lands. Then the great history of guerrilla attacks and civil war was recorded all over the world, in which the Crusaders were shaken and they failed to stop the successive bloody attacks of the monotheists. Praise be to Allah. This process is still going on in all the lands of the Khilafah. Overall, on a daily basis, infidels and apostates are making false claims of killing Mujahideen and that they have broken their backs, thus losing their own supporters and officials every day around the world.

Meanwhile, some time ago, the Muslim Imam Sheikh and Mujahid Abu Ibrahim Hashmi and the spokesman of the Islamic State Sheikh Abu Hamza Al-Muhajir were martyred while fighting the Crusaders. The arrogant old American crusader called it his success and apostates who are pets of these crusaders presumed that now there is

no one who could counter them. And seditionist puppets who danced at the behest of the apostate agencies considered it as a perfect opportunity to create chaos, and Satan inspired them to shout that the ranks of monotheists have split and now they are scattered without their Imam, so that they could further mislead the sick hearts of the ill people and gain the pleasure of their tyrannical masters, but Allah Almighty shattered their hopes and turned their intentions into regrets.

On the very next day after the martyrdom of Sheikhs, Mujahideen from Wilayas all around the world pledged allegiance to the Sheikh Abu Al-Hassan Al-Hashmi as per will of the Sheikh Abu Ibrahim Al-Hashmi Al-Qureshi, and united under one flag and focused on the carnage of crusaders and apostates. While the Crusaders had not yet been able to confirm the assassination of Sheikh Abu Ibrahim (May Allah accept him), the Muwahhideen, had already pledged allegiance to the new Imam and continued shedding blood of crusaders. Praise be to Allah.

The official media of the Islamic State (May Allah give it more respect and strength) announced the martyrdom of the Sheikhs last month along with videos of IS supporters and soldiers pledging allegiance. Hundreds of photos and dozens of videos of Mujahideen from Iraq, Syria, South and Central Africa, Somalia, Khorasan, Pakistan, India, Libya, Sinai, Eastern Asia and other areas around the World forbid the sleeps of non-believers who were celebrating the defeat of IS. Thus, Allah has beaten them to dust and gave the hearts of the people of faith true delight. Alhamdulillah Summa Alhamdulillah.

In particular, the allegiance of Mujahideen from Pakistan and India and the emergence of armed jihadi troops has caused great fear among the Hindu polytheists and Pakistani Tawaghits. Apostates from India and Pakistan are still in denial by their statements. They are in state of uncertainty in how to satisfy their hearts with false hope of annihilation or disintegration of the believers. while on the other hand the scenes of these two nascent provinces have brought joy and peace to the hearts of Muslims all over the world and gave certainty to the anticipated path of Ghazwa-e- Hind and with the light of faith, the hope for the Indian conquest is shining brighter than ever. Praise be to Allah.

The terrific scenes of thousands of Muwahhid Mujahideen armed with the weapon of faith and glorious acts have exposed the restlessness and anxiety of apostates in front of public. Secular Public are questioning the false claims especially in India, where cow's urine drinkers are constantly failing in their vicious attempts and devilish tricks on the topic like veil. While armed allegiances from India and Kashmir have further intimidated them which is clearly visible from their media statements, and the slogans and rhetoric of ordinary Hindu infidels can be fully seen. In which Hindu Kafir sometimes appeases their anger via

hate speeches, slogans and campaigns for the removal of loud speakers in Mosques and sometimes tries to hide his helplessness by lodging FIRs against poor Muslim biryani seller.

Where on the one hand the Hindu polytheists are making fun of themselves all over the world by such cheap acts while on the other hand the believers are alert and well prepared for their acts. Despite the martyrdom of leaders and sheikhs, the jihad of believers continues. Praise be to Allah. The Jihad and fighting is in full swing against the Crusaders, Jews, Christians, Hindus, other infidels and polytheists around the world. Recent glorious attack in Palestine gave surge to the wave in grounds of war, leaving both Hindus and their Jewish masters in a state of shock and confusion. We pray to Allah Almighty to accept the sacrifices of our brothers and enable us to see the springs of Istishhadi and Inghimasi attacks in the same manner all over India in which the blood of Hindus flow in the morning and evening.

Finally, we would like to remind the Mujahideen of the world and especially the Mujahideen of Pakistan and India of their goals and objectives. O group of monotheists! Know that the time of the last epic wars is near, in which if a Jew hides behind a rock, it will shout and say: O Muslim! O servant of Allah, this is the Jew behind me, so go ahead and kill him. Yes, those days are not far away now, the preparations for these last battles on the world stage have started, O Mawahhid! Be serious about the time that is about to come and set your goals, and remember that the Hanood will be killed before the Yahood are killed. Thus, prepare yourself for Ghazwa e hind, the significance of which has been mentioned in many hadiths. O monotheist! Now the blessed month of Ramadan has come, which is also the month of jihad and fighting, and the ranks of the Mujahideen are levelled all over the world, and the jihad of the believers continues in the same way. So, wake up and hurry, and take the lead in this good, get up and join the Mujahideen in Pakistan and Khorasan and India and Kashmir. If you are unable to do Hijrah then pick up your arms to attack Kuffar. And if you lack weapons, then pick up kitchen knives, daggers and home-based poisons, they should be sufficient for you. So put your trust in your Lord and jump into the flames of this war. Indeed, Allah, the Lord of Glory, has made this fire, a garden of flowers for his believers, as He did for His Prophet Ibrahim (PBUH). Blessed is he who jumps into the flames of these epic wars, whose ultimate end is the triumph of Tawheed, the exaltation of the word of Allah and the destruction of disbelief and polytheism. Indeed, it is Allah' consent that He would perfect His light, no matter how much the disbelievers may be disgusted, and Allah is Mighty in His work but most people do not know.

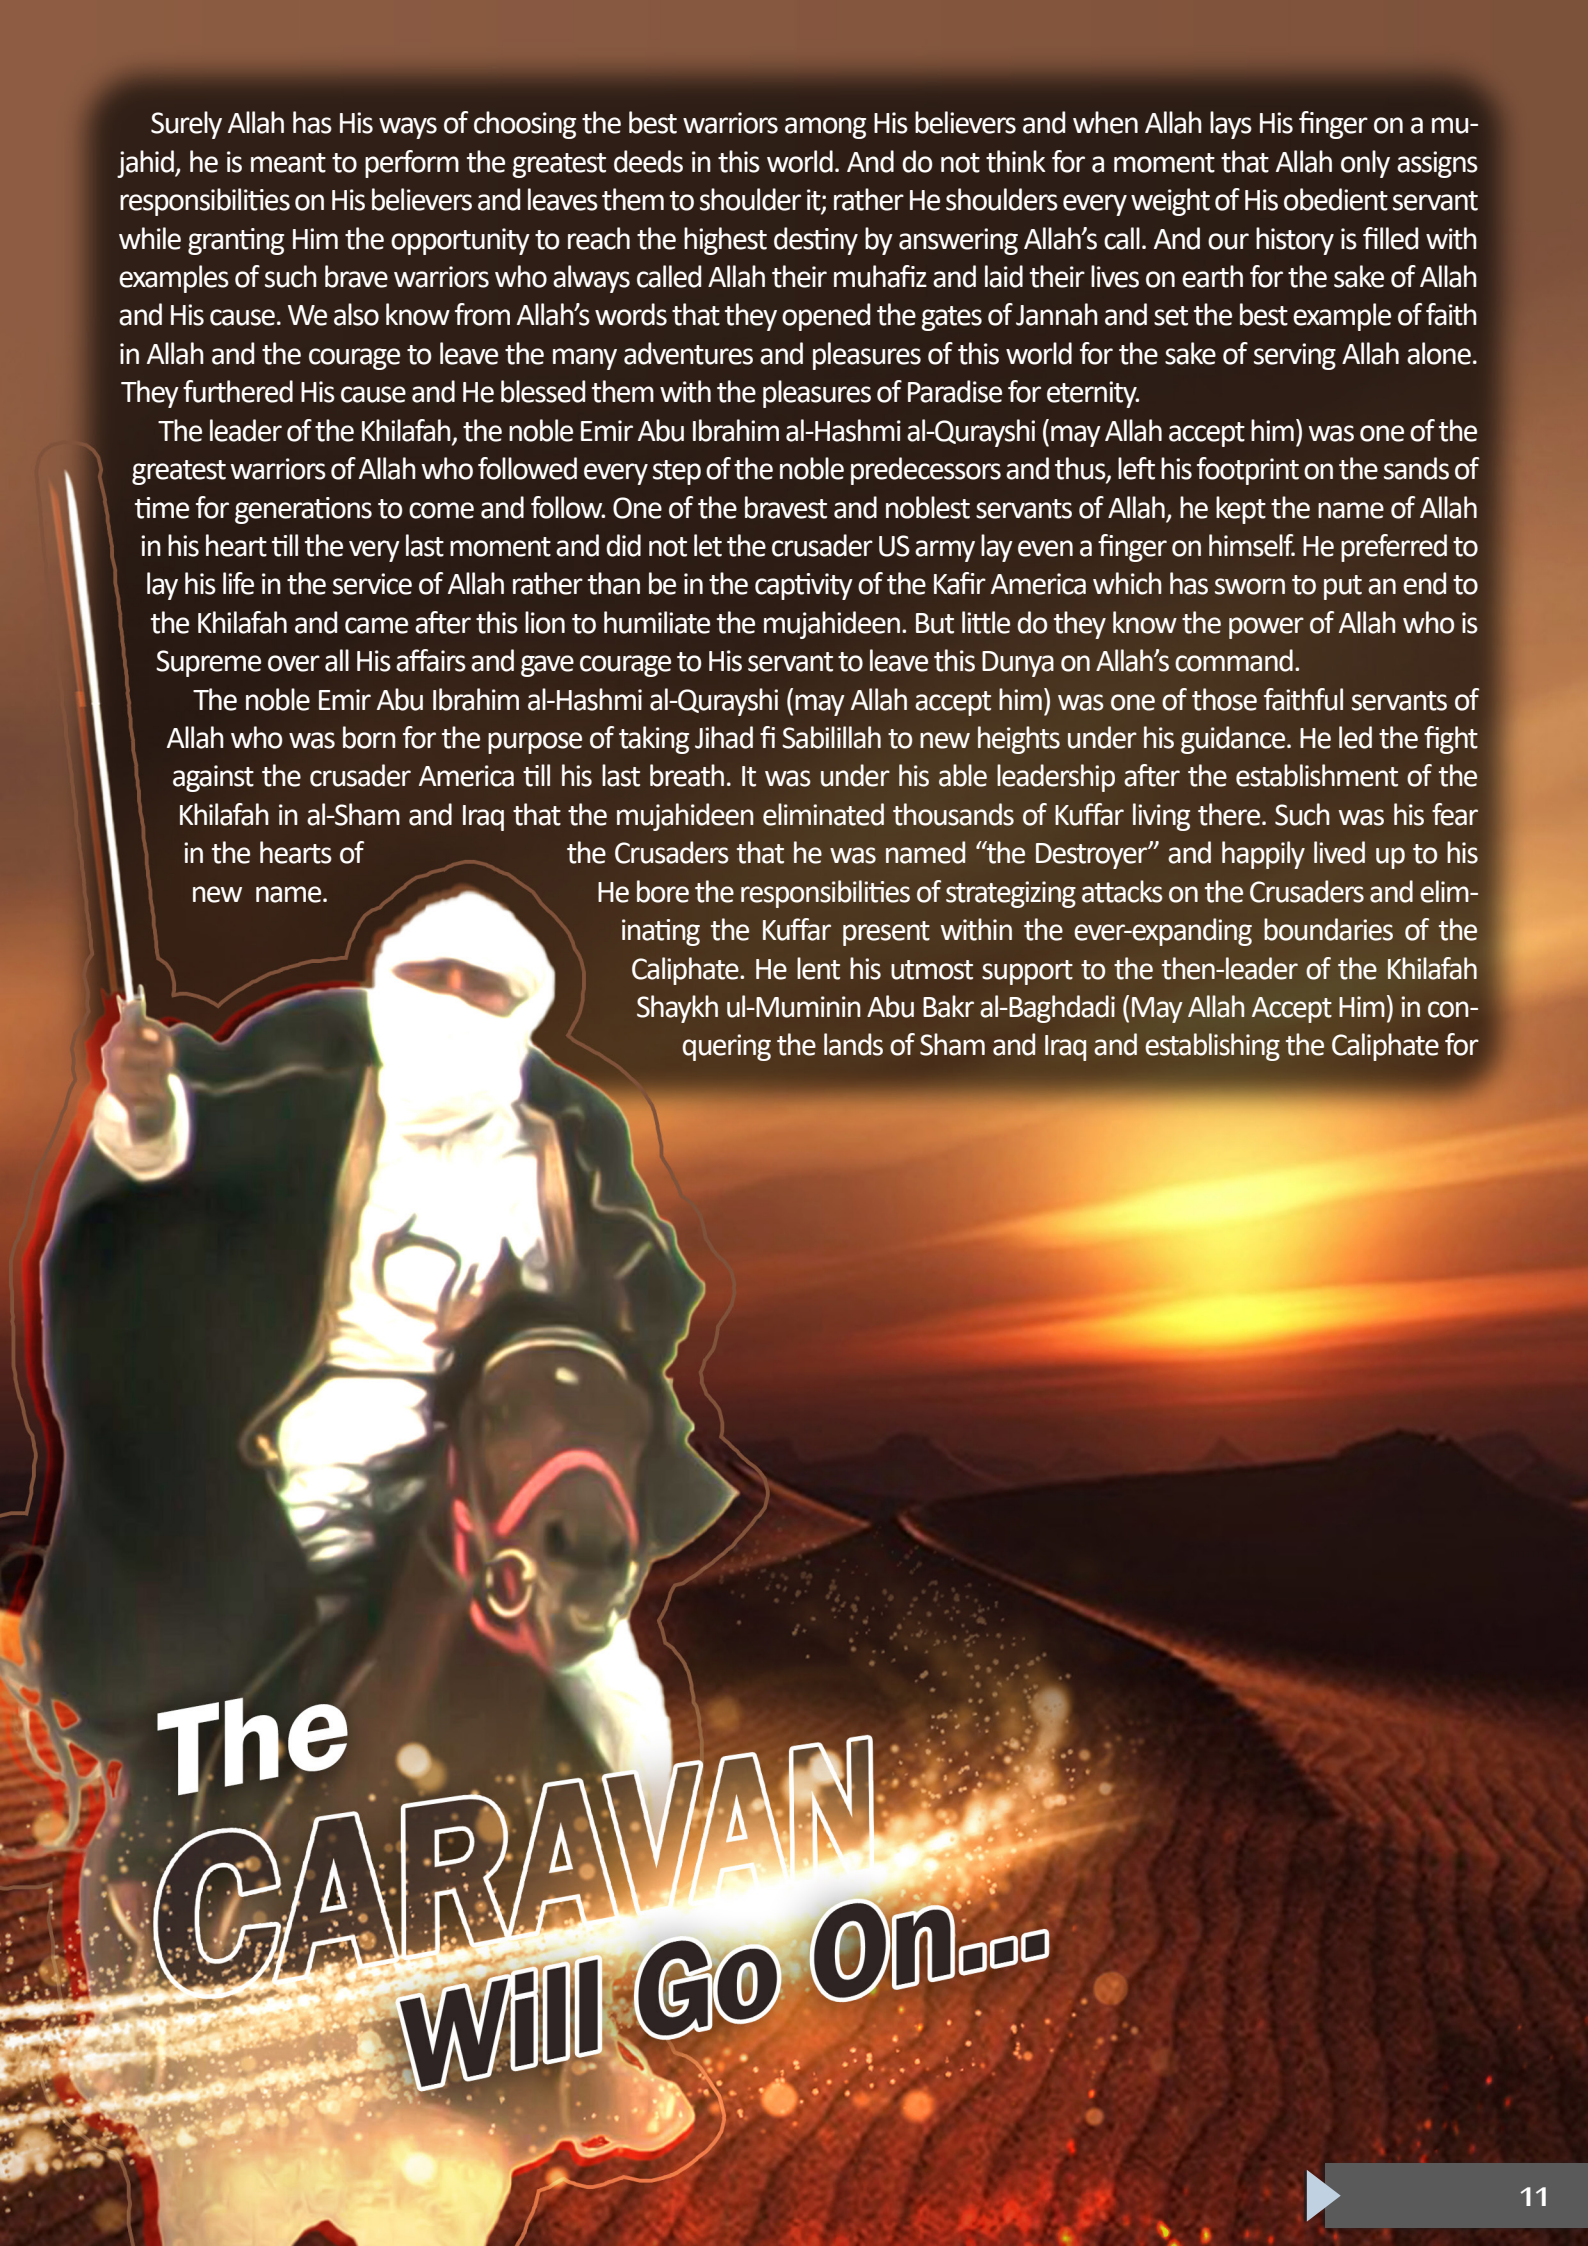

Surely Allah has His ways of choosing the best warriors among His believers and when Allah lays His finger on a mu-jahid, he is meant to perform the greatest deeds in this world. And do not think for a moment that Allah only assigns responsibilities on His believers and leaves them to shoulder it; rather He shoulders every weight of His obedient servant while granting Him the opportunity to reach the highest destiny by answering Allah's call. And our history is filled with examples of such brave warriors who always called Allah their muhafiz and laid their lives on earth for the sake of Allah and His cause. We also know from Allah's words that they opened the gates of Jannah and set the best example of faith in Allah and the courage to leave the many adventures and pleasures of this world for the sake of serving Allah alone. They furthered His cause and He blessed them with the pleasures of Paradise for eternity.

The leader of the Khilafah, the noble Emir Abu Ibrahim al-Hashmi al-Qurayshi (may Allah accept him) was one of the greatest warriors of Allah who followed every step of the noble predecessors and thus, left his footprint on the sands of time for generations to come and follow. One of the bravest and noblest servants of Allah, he kept the name of Allah in his heart till the very last moment and did not let the crusader US army lay even a finger on himself. He preferred to lay his life in the service of Allah rather than be in the captivity of the Kafir America which has sworn to put an end to the Khilafah and came after this lion to humiliate the mujahideen. But little do they know the power of Allah who is Supreme over all His affairs and gave courage to His servant to leave this Dunya on Allah's command.

The noble Emir Abu Ibrahim al-Hashmi al-Qurayshi (may Allah accept him) was one of those faithful servants of Allah who was born for the purpose of taking Jihad fi Sabilillah to new heights under his guidance. He led the fight against the crusader America till his last breath. It was under his able leadership after the establishment of the Khilafah in al-Sham and Iraq that the mujahideen eliminated thousands of Kuffar living there. Such was his fear in the hearts of the Crusaders that he was named "the Destroyer" and happily lived up to his new name.

He bore the responsibilities of strategizing attacks on the Crusaders and eliminating the Kuffar present within the ever-expanding boundaries of the Caliphate. He lent his utmost support to the then-leader of the Khilafah Shaykh ul-Muminin Abu Bakr al-Baghdadi (May Allah Accept Him) in conquering the lands of Sham and Iraq and establishing the Caliphate for

the people of Islam.

Such was the devotion of the noble Emir towards Allah that he turned himself into one of the most fearful warriors for the Crusaders. When the noble Shaykh ul-Momineen Abu Bakr al-Baghdadi was called by Allah, it was Shaykh Abu Ibrahim al-Hashmi al-Qurayshi who was chosen by Allah Al-mighty to lead the Khilafah and carry the responsibility of waging Jihad against kufr in all parts of the world. Despite the losses that the Caliphate had suffered in 2019 under the brutal attack of the crusader forces, the noble leader did not lose hope even for a second. Instead he kept the morale of the mujahideen sky high and encouraged them to move to newer areas and find their brothers and sisters in other parts of the world where they have yet not seen the light of Allah and are suffering under the rule of the Kuffar.

Thus we witnessed the expansion of the Khilafah from a small region to all parts of the world, in Africa, Khurasan, Philippines, India, Maldives and many more regions wherever Allah directed. Where the mujahideen made Hijrah to the Caliphate to fight against the Crusaders, now the Khilafah raised mujahideen in every corner of the world where they could put an end to the kufri regimes ruling over them. Even in the darkest of times, the noble leader of the Khilafah shouldered the most difficult task of reorganizing the Khilafah and helping it stand back on ground with much ease because he relied solely on Allah and had a strong faith that if Allah wills something, it is already done. All that the believers have to do is accept the responsibility and Allah takes care of the rest.

And the world witnessed the great attacks that were launched in numerous corners against the Kuffar. Those who had thought that the Khilafah had met its end with the demise of Shaykh ul-Muminin Abu Bakr al-Baghdadi were left speechless when they saw that the Khilafah had turned from a geographical place to an idea so strong that no place remained untouched by it and no believer could deny or disengage from it. It spread to the social media, it spread on the ground and all that the Kuffar could do was watch in silence as the hold of the Khilafah grew from one country to another. Who can forget the numerous operations that the lions of the Khilafah carried out in Africa where the Islamic State was formed after defeating the Kuffar and the murtad forces of Al Qaeda or the prison attacks in Khurasan and Sham or the major attack on the white brutes and the Muslim traitors at Kabul airport? The believers know of the various efforts that the mujahideen made in the service of Allah to free the Ummah from the chains of the Kuffar and kufri ideas. Whether it was on the battlefield or on social media, the Khilafah intensified its struggle against kufr and this was made possible only because of the extraordinary vision of Shaykh Abu Ibrahim al-Hashmi al-Qurayshi. Whatever Allah bestowed on him, he accepted humbly and was always eager to prove his worth before Allah. He succeeded in his goal and may Allah

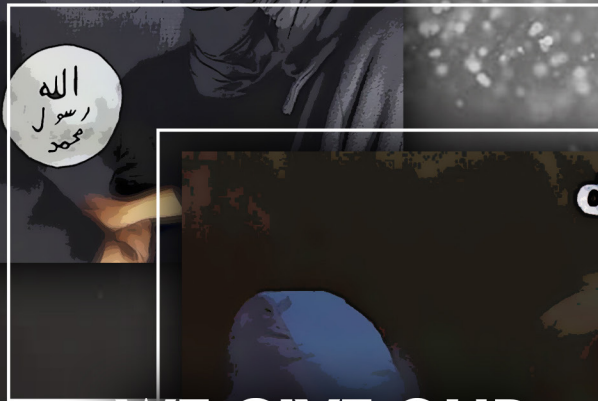

provide him the most blessed gifts in Jannah for his loyalty and bravery.

Another lion of Allah who successfully accomplished the role that Allah assigned to him in this fight for truth was Shaykh Abu Hamza al-Qurayshi (may Allah accept him). He held the responsibility of being the spokesperson for the Khilafah with great enthusiasm and his words worked like magic to lift the spirit of the believers and the mujahideen alike. Those who listened to him felt his vigour in their blood and his confidence in their hearts to keep to the path of Allah and die under the banner of Islam. He encouraged the believers to take on the Kuffar not only with guns and bombs but with knives and IEDs. He actively took on the dirty Jews, the worst enemies of Islam, and gave courage to the Muslims to kill every Jew and release their brothers and sisters of the pain and suffering that they have been dealing with since decades. His ideas infused fresh blood into the veins of the mujahideen and helped the Muslims break the shackles of kufr to become the loyal servants of Allah. Thousands came to the battlefield to lay their lives for the sake of Allah due to the able leadership of Shaykh Abu Hamza al-Qurayshi. He filled the hearts of the Kuffar with fear with every word that he spoke against their campaign. Each word that he uttered was a bullet that went straight into the souls of the Kuffar and the murtadeen and left them worrying for their future. So when these lions held the reigns of the battlefield, the mujahideen held every hope of victory in the face of worst adversities.

With such leaders as predecessors, there is no reason to sit back at home and reject the path of Jihad. Allah chose the best for the battlefield and has replaced his loyal servants with a new set of warriors Shaykh Abu Hasan al-Hashmi al-Qurayshi and spokesperson Shaykh Abu Omar al-Muhajir (may Allah protect them). Allah knows best what is good for His servants and His cause. So when he calls back some and sends more to the forefront, Allah's will must be accepted and followed. So when he has sent new warriors to the battleground, it is for the benefit of the Khilafah and His most loyal believers.

The Khilafah has been infused with new blood by the mercy of Allah and He will replenish the ranks of the mujahideen till the last patch of this earth is freed of the Kuffar rule. The Khilafah was established with Allah's will and shall continue to expand to newer places till every inch of land comes under Allah's rule, till every stone and pebble falls within the boundaries of the Khilafah. Jihad will continue even if only one believer remains standing on the battlefield because Allah's cause cannot be stopped with the full might of Shaytan. The banner of Khilafah flies high and is bound to achieve greater heights and reach new skies with Allah's blessings.

So rejoice for those who have served Allah till their last moment. The successors shall be even more fearsome for the Kuffar and the victory shall be ours. In sha Allah.

WE GIVE OUR BAY'AH AND WE CONTINUE OUR FIGHT.

After spending millions of dollars, and countless hours, the Crusaders strike another blow hoping to end the light of Islam. Nevertheless, the pain of the departure of yet another great Imam, ash-Shaykh Abu Ibrahim al-Hashimi al-Qurashi (may Allah accept from him) was short-lived. The foundation and structure of the Islamic State refused to fracture. Its banner was held high above the sky, and a man of great nobility took its reins and steered it forth. The dawn of the caliphate extended, even more, shining its golden rays of justice across the globe. The efforts of Crusaders and their proxies were fruitless. Nevertheless, their media in the Maldives and elsewhere worked in harmony with them, trying their best to tarnish the image of the Islamic State and its leaders. But in the end, as the Islamic State announced a great successor to the best of its predecessors, they poked their heads into the sand hoping that their avoidance of the truth will change the reality. Secretly, their knees shook with fear knowing that Islamic State has come to stay and make their lives miserable. And the Crusaders have no choice, but to head back to their drawing boards, and continue wasting their money and resources on fighting a group of people whom Allah is their Protector.

The Crusaders' continued targeting of the leaders of the Islamic State shows the significant effect the existence of a Khilafah system has over the

wretched nations of Kufr. They hope that continuing this trend would lead to an "organizational collapse" of the Islamic State and halt or disrupt the operational capabilities of Mujahideen making it harder for them to continue their attacks.

On the day of Uhud, it was none other than the scream of Shaytan, "Muhammad (PBUH) has been killed", which prompted Ibn Qami to carry the false news across the battlefield. The ominous statement did reduce the morale of the believers briefly. The verses which Allah Revealed regarding this matter carry great significance for the Muslims today.

"Muhammad is not but a messenger. [Other] messengers have passed on before him. So if he was to die or be killed, would you turn back on your heels [to unbelief]? And he who turns back on his heels will never harm Allah at all; but Allah will reward the grateful. And it is not [possible] for one to die except by permission of Allah at a decree determined. And whoever desires the reward of this world - We will give him thereof; and whoever desires the reward of the Hereafter - We will give him thereof. And we will reward the grateful. And how many a prophet [fought and] with him fought many religious scholars. But they never lost assurance due to what afflicted them

in the cause of Allah, nor did they weaken or submit. And Allah loves the steadfast. And their words were not but that they said, 'Our Lord, forgive us our sins and the excess [committed] in our affairs and plant firmly our feet and give us victory over the disbelieving people.' So Allah gave them the reward of this world and the good reward of the Hereafter. And Allah loves the doers of good." (Aal-Imraan 144-148)

Therefore, even if the Kuffar claim victory over the killing of the leaders of the Ummah, their plots are in vain and the ultimate breakthrough is only for the Muslims. And by the Grace of Allah, Islamic State has a well-managed leadership structure and succession protocols.

Over the decades, we have seen how the death of leaders has divided numerous groups in the fields of Jihad. Some of these groups took to the path of apostasy, while others simply faded away. Had their goals and intention been in line with the Commands of Allah and His Messenger (PBUH), they would have carried the banner of Tawhid until the Final Hour. As for the Islamic State, it was determined to never let the wind of time change its course in establishing the Shariah of Allah upon the earth, even if it had to be at the expense of the blood of its leaders. And as the blood of the Mujahideen of the Islamic State water the path to its glory, the blood of its leaders bears witness to the truth which it is upon. The blood of its leaders only strengthens the resolve of its soldiers. And this is what we have seen as all the Wilayaat from diverse cultures and regions of the world rushed to place their hands forth in their Bay'ah to the Amir of Muslims, the worshipping scholar, the Mujahid, ash-Shaykh Abu al-Hasan al-Hashimi al-Qurashi (may Allah Preserve him). And unlike other militia groups who unpredictably change their goals or give up on their religion with the demise of their leaders, Islamic State becomes – by the Grace of Allah - even stronger. The resolve to fight increased, and disputes among the ranks decreased. Indeed, this is barakah from Allah for His fearful and sincere servants.

The images and videos of the Bay'at from various Wilayaat poured in over the weeks. The firm words of the Bay'at petrified the already terror-stricken agents of the West. These agents were elected as leaders by their citizens who in their despicable laws had every authority to differ, disobey, and revolt against them. They watched on as the supporters of the Islamic State placed Allah as their Witness, as they vowed to obey their Ameer in hardship and ease, in what is displeasing and pleasing. They made it clear with their words

that they will remain selfless in their obedience so long they are not called to disobey Allah, or they see matters of clear Kufr from their leader. And if the leaders of the Kuffar do not die from the weapons of the Mujahideen, they are more likely to die from the envy they have for the leaders of the Islamic State.

It is indeed a great blessing upon the Ummah that we have a leader to follow in such times of trials and tribulations. A few decades ago, it was something that Muslims were eagerly waiting for. And as the war cry intensifies, every believer should fasten his grip on the reins of the camp that will save him from the fire of Hell. And the Bay'ah is one of the strongest ropes that will tighten that grip.

It is our call and Da'wah upon all the Muslims to hasten their Bay'ah to the Khalifa, ash-Shaykh Abu al-Hasan al-Hashimi al-Qurashi (may Allah Preserve him), who will - by the Permission of Allah – continue to fight until his blood is spilled in establishing the Rule of Allah. It is also our stern warning against those who have wronged themselves in delaying the Bay'ah or are following the Taghut who will neither benefit them in this life nor the Hereafter. Repent and return that Allah may accept your repentance. Repent and stand up against the tyrants that Allah may raise the humiliation from the Ummah and disgrace the Millah of Kufr.

As for the Kuffar and their apostate lap dogs, their fate is clear. Islamic State is determined to take retribution on account of every leader and scholar that has been killed among them. Over the years the Kuffar have lost the war with Islam hundreds of times. And they will continue to keep losing until the Horn is blown and the world perishes. The Kuffar despite having to learn their lesson over and over again, Allah continues to make them enter the arena of war to be humiliated more, as to establish His clear words against them. The Islamic State – by the Permission of Allah - came to stay, while the nations of Kufr and their leaders will inevitably die and rot.

Indeed, the Kuffar are amazed at the fact that the Islamic State has continued to prevail, despite the harsh trials and unending beatings it has gone through. As for us, it only adds to our certainty in this path and increases our Imaan. If one day is for us, and the other is against us, we remain patient and hope for the best reward from Allah, the Highest. The lofty statuses are not achieved except with struggle. And indeed, we are with the Islamic State upon the methodology of the Prophet (PBUH), despite the different stages of hardship it has gone through. And all praises be to Allah, the Lord of all creation.
